

ClickClack[®]
style that works

KITCHENWARE PRODUCT RANGE

ClickClack[®]

For more than twenty years ClickClack has been a leading name in stylish, functional kitchenware. Widely acclaimed for being user friendly, airtight, durable and of quality design, our kitchenware can be found on the shelves at leading retailers, and in kitchens worldwide. The ClickClack Kitchenware range offers a solution to all your storage needs with style that works.

CLICKCLACK KITCHENWARE FEATURES

Airtight

Airtight seals maintain freshness and extend the shelf life of food products. ClickClack's airtight seal is so effective it has been used in clinical diagnostic laboratories so you can be sure your food will stay fresh for longer.

Stackable

Our kitchenware is designed to make life simple and maximise your storage space - most stack neatly together and have crystal clear bases so you can easily identify contents.

Durable

Our kitchenware is made from hard wearing plastic materials, helping to safeguard against breakages and the mess and waste that comes with them.

Attractive Designs

It's not always practical to store everything away in cupboards, so for those items that need to stay on the counter top choose a design to complement your décor.

Accents

Accents are ideal to use as a stylish counter top accessory or as a stackable feature for the pantry. Accents have a soft-touch toggle for easy one-hand operation and come in seven different sizes. The clear, virtually unbreakable polycarbonate bases allow easy content identification and are microwave and dishwasher safe.

Stack & Seal and Airtight Store-All

Stack and Seal canisters are perfect for a variety of pantries. The one hand toggle operation allows easy access to contents while the strong, clear polystyrene base lets you easily identify the inner contents, without opening and exposing sealed food. The canisters come in seven different sizes and all are stackable for easy storage.

Airtight Boxes

This is the original ClickClack box with a durable metal clip operation, sealing the lid to the base to keep contents fresher for longer. The varying sizes are ideal as lunchboxes, first aid boxes and for household and handyman storage, while its rectangular shape is perfect for pantry use with no wasted space. This product continues to provide unrivalled airtight, waterproof performance, ensuring that stored items are always protected. The boxes come in six different sizes. The virtually unbreakable, clear polycarbonate lid allows easy identification of contents, while the strong polypropylene base comes in a variety of colours to complement your kitchen décor.

Airtight Storers

The Airtight Storers' unique rectangular shape makes it ideal for most pantries and fridges. The lid opens with a single-handed, fingertip flip of the toggle, while the strong, clear polystyrene base allows for easy content identification without opening and exposing sealed food. The Storers come in eight different sizes for efficient storage and are available in a variety of colours to complement your kitchen décor.

Product Guarantee

ClickClack Ltd guarantees that its products will be free from defect or damage due to faulty or defective materials, workmanship or manufacturing. This guarantee does not extend to fair wear and tear or damage caused by misuse or handling. If your purchase is unsatisfactory due to faulty or defective materials, workmanship or manufacturing, please return the product with the original proof of purchase to the supplier from where it was first purchased.

Product Usage

All ClickClack canisters can be used in the pantry and fridge. The canisters are not intended for microwave, freezer or dishwasher use (excluding the Accents base which is microwave and dishwasher friendly).

How to clean your ClickClack product

Bases should be hand washed with non-abrasive materials and lids can be wiped clean with a damp cloth. If water becomes trapped in the diaphragm under the lid, pry the diaphragm off the lid, clean, dry and replace the diaphragm.
